THPW Series

THOR Manufacturing Pure Sine Wave inverters have set the standard with the way you deal with your mobile power needs, providing AC electricity. A power inverter converts the DC electricity from batteries into everyday AC power. With a THOR Manufacturing inverter you won't need to rely on DC-powered electronics or a generator to have power for tools, electronics, or any AC power needs.

THOR Manufacturing Pure Sine Wave inverters are efficient and dependable and come in numerous sizes and power ranges to meet your mobile power demands. We offer compact, higher powered models that yield enough power for larger vehicles such as utility & work trucks, RV's, boats, & renewable energy applications.

Design Features

- Easy to read error codes
- GFCI outlet
- Hardwire option for loads larger than 15 Amps
- On/Off remote control port
- Digital volt meter and wattage usage
- High surge capability
- Thermo controlled fan
- Compact, lightweight, & portable
- USB port 2.1 Amp for tablet and smart devices
- Additional mounting feet for easy installation
